

Ergotron® 400 Series

combination flat panel/keyboard arm

Features

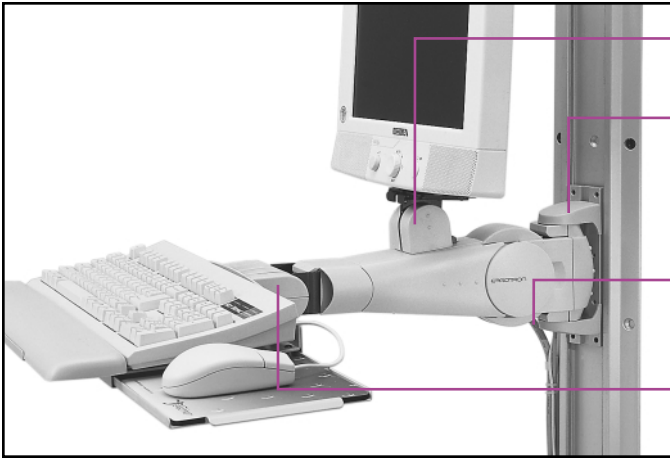

- *Patented Monitor Suspension Technology* frees up desk space by allowing monitor and keyboard to lift, swing, tilt or rotate
- *Monitor and keyboard can be tilted for optimum comfort*
- *Up to 14" (356 mm) of vertical adjustment*
- *Internal cable management conceals and routes cables*
- *VESA® Flat Display Mounting Interface (FDMI™) Standard compliant for easy monitor attachment*
- *Patented friction system provides smooth adjustment*
- *Space-saving ability to move monitor and keyboard out of the way when not in use*
- *Internal steel construction for long-lasting durability*
- *Sleek, durable, easy-to-clean plastic exterior*
- *5-year warranty*

The 400 Series Combination Flat Panel/Keyboard (400 Combo) Arm allows users to mount their flat panel monitor and keyboard on the same 400 Series Arm. Store your computer system flat against the wall or swing and tilt it to a comfortable height.

The 400 Combo Arm attaches to virtually any vertical surface, and is constructed in the Ergotron tradition of high-quality and reliability.

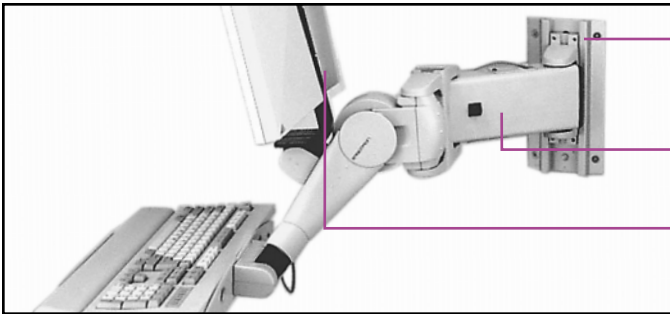

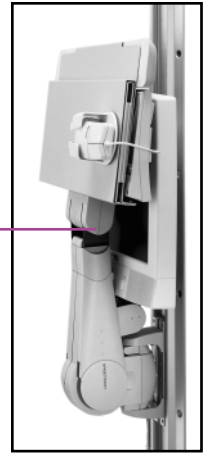

Monitor Tilt Pivot has built in safety catch.

Rotate Mount allows users to swing arm 180° side-to-side. Fixed Mount option (0° side-to-side) available.

Arm folds back neatly when not in use.

Internal Cable Management System provides clean, organized, and concealed cable installation.

Keyboard Pivot Mechanism positions keyboard exactly where you need it.

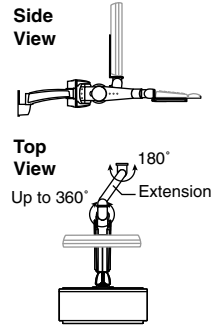

Arm may be attached to multiple Application Options; 10" Wall Track option is shown.

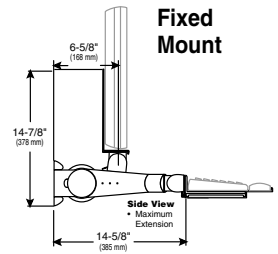

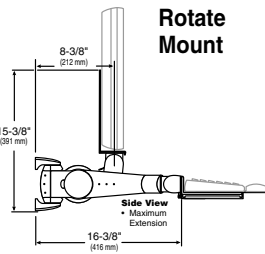

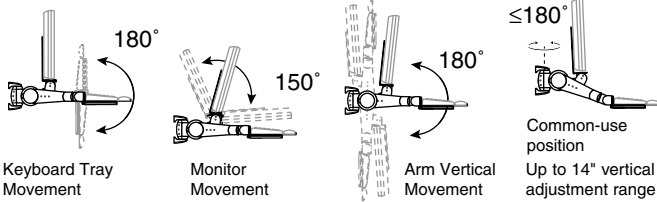

Extender Arm allows user to position monitor and keyboard at point of need.

400 Combo may be attached directly to the back of complying flat panel monitors.

200 Series Extension

Arm Side-to-Side Rotation
NOTE: Depth of Keyboard Holder Assembly varies due to keyboard size.
