

Ergotron® DS400 Series

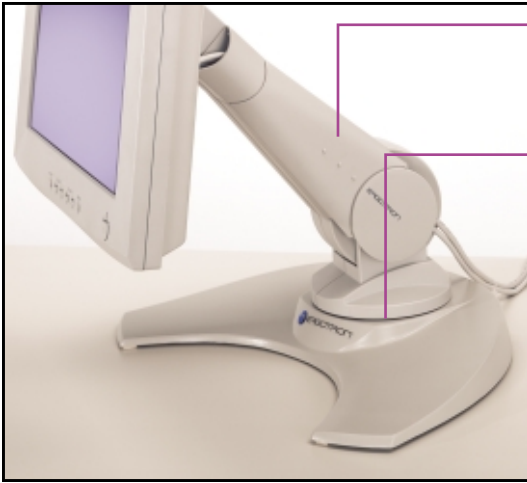

freestanding module

Highlights

- Easily position the height and angle of your monitor for maximum comfort and productivity
- 180° monitor tilt
- 90° of side-to-side monitor rotation
- Handles monitors up to 20 lbs (9 kgs)
- 360° portrait/landscape screen adjustment
- Internal cable management conceals and routes cables
- Four points of adjustment for maximum adjustability
- Patented friction system provides smooth adjustment while maintaining touch-screen stability without the need for knobs or levers
- Internal steel construction ensures long-lasting durability
- Sleek, durable, easy-to-clean plastic exterior
- VESA® Flat Display Mounting Interface (FDMI™) Standard compliant for easy monitor attachment
- 5-year warranty

The DS400 utilizes Ergotron's patented Monitor Suspension Technology. Users can swing, lift, tilt and turn their flat panel monitors for maximum efficiency and ergonomic comfort. Throughout its range of motion, touch-screen stability is maintained.

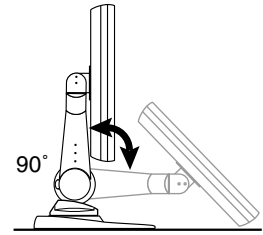

Up to 10.25" (260 mm) of vertical adjustability.

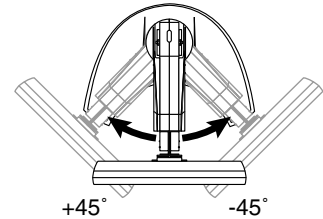

Rotate Arm up to 90°.

Range of Motion:

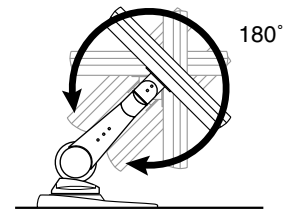

Vertical Adjustment: 90° (side view)

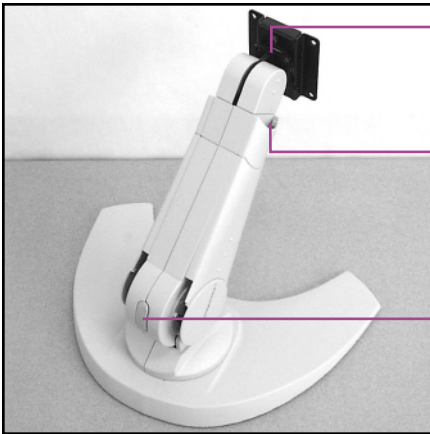

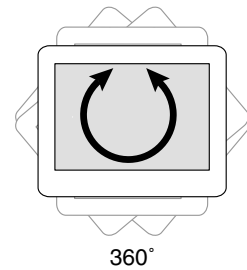

Side-to-Side Rotation: 90° (top view)

Monitor Tilt: 180° (side view)

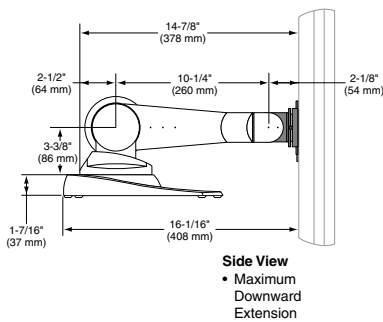

Portrait/Landscape Screen Adjustment: 360° (front view)

Pivot mechanisms, position monitor exactly where you need it.

Internal cable management system provides concealed, clean and organized installation.

Adjustable internal gas spring allows you to counterbalance your specific monitor.
